*Conserving and enhancing the lands and waters of Northcentral PA*

Spring 2023

***Thank you for conserving and  
enhancing the lands and waters  
in the region.***

## **Conservation Stories Because of You:**

- Watchful Waterfowl
- Cleaner Water on the Way

## Watchful Waterfowl

The 2023 conservation easement site visits are underway!! Every conservation easement you help make possible needs to be visited at least once a year by staff. We need to verify the terms of the conservation easement are being followed. The visits are also a great time to talk to the current landowner and find out what their plans are and what they're working on.

When the landowners can't join Sara for the walk she isn't totally alone. At a conservation easement along the West Branch Susquehanna at Muncy she had a Canada Goose for company and at the Clinton County Solid Waste Authority wetlands a Ring-necked Duck joined her.

We'll be sharing more photos from the visits throughout the year!

*Canada Goose helping Sara at Muncy*

---

*On the cover, is the "supervisor" from a streambank project in Northumberland County. The duck checked in every do to ensure work was progressing to its standards.*

## Cleaner Water on the Way

The stream partnership didn't waste any time getting the 2023 stream project season underway!

Because of the support of NPC's members, two landowners were helped in one week of March!

The sites were in Northumberland and Montour Counties. The landowners were seeing their streambanks wash away with each high water.

The Pennsylvania Fish and Boat Commission developed the designs for the sites. The Northumberland County Conservation District and Montour County Conservation District worked with the landowners and coordinated the materials needed for the project. Pennsylvania Department of Environmental Protection provided funding through the Growing Greener Grant program.

Teamwork makes the dream work! Thank you for being part of the team!!!

# DONATIONS & CONTRIBUTIONS • January 1, 2023 to March 31, 2023
